

Raspberry Lime Vodka Cocktail

It is so refreshing and super easy to make. All the raspberry fans are guaranteed to fall in love with the raspberry infusion. The cocktail requires only a few ingredients and doesn't contain a lot of alcohol at all.

Ingredients

- ¼ cup of granulated sugar
- ¼ cup of water
- 8 raspberries
- 2 table spoons of raspberry flavored vodka or plain vodka (though I think you'll get less of the raspberry scent with plain vodka. So you can use more fresh raspberries than suggested above)
- ½ tablespoon of lime juice
- 2 glasses of ice
- 11 ounces or 325 milliliters of soda water

Garnishes (optional):

- 4 raspberries
- 2 slices of lime
- fresh basil leaves

Procedures

1. Start by making some simple syrup. Simply dissolve ¼ cup of granulated sugar in ¼ cup of water over low heat. Then, set aside to cool.
2. Place a small mesh strainer over a glass and press 8 fresh raspberries (or a few more if you're using plain vodka) through with the back of a spoon. Discard the seeds.
3. Once the simple syrup is cool, combine it with the raspberry juice, ½ tablespoon of lime juice and 2 tablespoons of vodka.
4. Split the raspberry vodka mixture between 2 glasses. Fill the glasses with ice and add soda water.
5. Garnish with raspberries, lime slices, and basil leaves
